

The SunBurners - Cincinnati's #1 Island Party Band

The SunBurners blend summertime chart-toppers with authentic steel drums and feel-good vibes. The band is known throughout the Midwest and East Coast as a premier live act at weddings, community festivals, nightlife venues, and public concerts.

A one-of-a-kind party band that has been performing together for over a decade – the SunBurners entertain audience members with a spirit that only comes from being top-notch musicians on-stage and good friends off-stage. Their musical stylings are anchored by steel drums, classic singalongs, a tight rhythm section, and arrangements of hit songs with island grooves and a party-time spirit. The band covers artists like Jimmy Buffett, Kenny Chesney, Zac Brown Band, Bob Marley, the Eagles, Stevie Wonder, and many more.

The SunBurners are ideal to add some variety to any community concert lineup. Their festival setlist is the perfect blend of country, reggae, yacht rock, top 40, calypso, classic rock, and funk. Jump aboard the funky pontoon and enjoy this one-of-a-kind band! [Visit their YouTube channel](#) to hear some music samples.
